Guest Speaker Joe Hauryski - Chairmen of Steuben County Legislature
Goals 2014 for Steuben County

1. Complete the sale of health care facility - It should go through. NY State has placed a certificate of need in February, and could close sale of facility by June. Mental health area is still an outstanding issue. Advocate for Director of Mental Health to look closely with how the mental health system works with school systems in the county.

2. Fresh look at Steuben County Government - He wants to propose the preparation of a flow chart for every department in Steuben County for complete overview of all departments of the legislature, with corresponding technology.

3. Reapportionment – The charter has gone forward, but redistricting has been taken off the table due to legal issues. This will have to be done by June to be on ballot by November.

4. Governor Cuomo's new tax proposals – The major impact deals with consolidation and shared services. He will start soon to put a group together to address how some of these provisions that the governor has proposed. Supervisor Butchko to volunteer to be a part of this group.

Joe will be back in March.

Guest Scott Demmin will be here next month to discuss the web site.
