Instructions: Appeal for Variance

Please do not start any construction until application is complete, approved, and all required permits are issued.

An Appeal for Variance is when the Zoning Officer rejects an Application for a Land Use Permit, the applicant may appeal for a Variance on the ground that, without relief, the strict application of a particular provision of these Regulations (the reason for the rejection) would cause the appellant to suffer significant economic injury or practical difficulty or unnecessary hardship. Refer to Section 4.5 in Land Use Regulations.

1. This application must be completely filled in, **typewriter or printed in black ink**; submit original application and two (2) copies to the Zoning Board.
2. Application must be accompanied by a complete set of **Plans and Specifications** for the proposed work on a tax map or current survey. The tax map may be obtained from the County Tax Assessor's Office.
3. A **Plot Plan** shall be drawn, showing street(s) on which property is located, lot dimensions, all building dimensions (existing and proposed), the distance from new construction to the lot line, and a North arrow.
Proposed construction shall be staked on the physical property.
4. **Landscaping and Screening**, construction drawing for pavement, walks, steps, curbing, drainage, and other structures (including fences, walls, or other landscaping materials).
5. **Signage Plan** with dimensions and locations of existing and proposed signs (including signs for owner name and house number).
6. **Total floor area and ground coverage** of proposed building and structure; including percentage of ground cover (i.e., driveways, sidewalks, etc.).
7. **Building plans, including elevations** of front, sides, and back.
8. **Photographs** (minimum 4" x 6" to be provided by applicant) showing the development site and existing structures on the property.
9. **Amount of land disturbed in square footage:**
 - a. Amount of excavated material to be removed from the site.
 - b. Amounts of fill material to be brought into site.
 - c. Temporary and permanent erosion control measures.
10. **Design and location** of existing and proposed wells, septic tanks, leach field systems or methods of wastewater disposal. Are any of these systems in use? Are they shared? Include a copy of current "Keuka Watershed Improvement Cooperative Onsite Wastewater Treatment System Inspection" form supplied by the Watershed Inspector.
11. **Water supply.** What is it? Where is the pump?
12. **Insurance Coverage:**
 - a. Contractor with employees – Workers Compensation Insurance
 - b. Disability Insurance, or
 - c. An Insurance Waiver
13. What is your **five-year plan** for the site?
14. No new construction shall be occupied or used for any purpose until an application has been made for and the Building Inspector shall have granted a **Certificate of Occupancy**.

Part 3 - Determination of significance. The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered "moderate to large impact may occur", or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts.

<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required.
<input type="checkbox"/>	Check this box if you have determined, based on the information and analysis above, and any supporting documentation, that the proposed action will not result in any significant adverse environmental impacts.
