c. Discussion of a letter requesting consideration to allow a home occupation business in LUR-3. Justin Whitcomb and his wife made an offer on a home in November of 2018. The transaction closed in January of 2019. During that interval the Town adopted the new Land Use Regulations that at present do not allow home occupation businesses in that district. Mr. Whitcomb said his wife is a licensed hairdresser. She would like to conduct business, at least part-time out of the house. She also conducts this business elsewhere. The work would be completely conducted in the home, no sign, no advertising. There is enough parking in the drive.

After extensive conversation about the board's desire to allow for home occupations and how many residents may already be working from home with professional or on-line businesses, the board came to consensus to put forward a recommendation to the Town Board to consider amending the Land Use Regulations to allow for home occupations in LR-3. Ms. Freeman will take the recommendation to the Town Board at the next town meeting.
