Approval of Minutes

Minutes from the Town Board meeting of May 10, 2016 were reviewed. A revision was made to include the names of the 4 people who have agreed to hand out aquatic species info at the boat launch. Motion to approve the minutes with revisions as discussed was made by Councilperson Haar, seconded by Councilperson Freeman, all in favor, with Councilperson Carlson abstaining

Councilperson Carlson made a motion to appoint Lynn Hayes, Kyle Mann, Andrew Kurtz, and Megan Pifer as boat launch stewards. Councilperson Freeman seconded the motion, and all in favor.

Community Comments

Mr. Jeff Martin of Keuka Village Rd requested more information regarding the hydro project and suggested that community members be kept more in the loop regarding the project. Mr. Butchko gave some history of the project, going back to 1995 when the town first requested that NYSEG give it first right of refusal. The town is applying for a large grant to help support this project. Mr. Glenn Neu suggested it was a bit of a Catch-22 situation. We can't ask for community input until we get the project going, but can't get the project going without grant monies. The town is preparing to create a 'hydro project' tab on the web site so residents can follow the progress of the project. The town will know more regarding the project probably in November/December of this year after the grant decision has been announced.

Mr. Gary Gray of Tyrone expressed his concern that the Town of Tyrone is not being actively involved in the project. Mr. Butchko explained that he has been in contact with Mr. Don Desrochers, Tyrone's Supervisor. Mr. Gray wanted to know if Town of Wayne owning property in the Town of Tyrone would make the Town of Wayne larger. This would not extend the boundaries of either town. The Town of Wayne would simply own property within the Town of Tyrone.
