## **Life at the Aisle of Pines**

## **Samuel Hallett Family**

The Wayne History Group was fortunate to recently acquire a significant donation of Hallett family items. The collection includes historical letters, diaries, photographs, family china and silver. We will be displaying this collection at the Open House. Also, two of Samuel Hallett's great, great granddaughters, June and Margot will be present that day. They have many memories to share as their grandmother lived at the Aisle of Pines as a child. Please join us to welcome June and Margo and thank them for their generous gifts that will help us preserve the history of the Town of Wayne.

**Refreshments will be served.**
