Rate = Town + County + School (if more than one school, than lowest rate was used)							
Rate is per \$1,000 of assessed value							
ER = equalization Rate							
Note #1: Villages were not included, that is an additional tax.							
Example: a \$100,000 home in Wayne would pay \$1,820.00							
Example: a \$100,00 home in the Town of Corning would pay \$3,500.00							
Note 2 : This does not count "Special District" Taxes, such as a Water District							.
